

Grasshopper Locker

Finally, user-friendly customer solutions meet versatile business solutions.

KEY FEATURES

Designed as an integral part of Grasshopper's Automated Retail Solutions Suite, lockers are in-demand by customers that prefer to order ahead and have product ready for quick and easy pick-up.

The Lockers—either with 35 or 17 doors—are integrated with your dispensary's POS software, online shopping cart and payment system, and are opened by the customer entering a unique customer code into the keypad on the front. (Customer receives the code via text or email and then retrieves at nearby location.) Grasshopper's automated Locker technologies offer dispensaries, delivery companies and distributors secure storage while improving transaction volume, revenue, brand distinction, and margins.

Custom retail solutions. Quicker sales.
Better customer experience.
